

Transportation Rules and Regulations

I parent of ----- studying in Olive Public School abide by the following rules and regulations with regards to the transport facility offered by the school.

1. I agree that I have opted for the transportation services of the school out of my own interest
2. I agree that the school's preference is to have parents arrange their own transport from and to school, but in spite of that I have opted for the school transport facility.
3. I understand that it is a common facility given to multiple students of the school and it is bound to various constraints like time delay, traffic delay, driver's skills, road conditions, weather conditions etc., which at times may cause inconvenience which I am willing to accept without any complaints
4. As regards to the pickup and drop point, the decision of the school is final and is liable to change with prior intimation. I agree that the school will ensure the most optimum place for picking and dropping the child and no preferential treatment will be given to any student in this regard. Also, I do not ask for a door step service, as i understand that it is practically not feasible.
5. I understand that the fee paid is not refundable and is likely to be revised due to rise in input cost and various other reasons. I agree to pay the fees on time to avoid any disruption in services. I agree to pay the fees in full every term and understand that no pro rating of fees is acceptable.
4. I understand that the school always ensures the safety of its children and in the process could cause delays in the timings which am willing to accept as a sensible parent.
5. I agree that I will accompany the child before the pickup time and drop time and take full responsibility of the child's safety before the child has boarded the vehicle and after the child has alighted the vehicle.
6. I understand and agree that the school takes every measure to ensure that my child is transported safely but still cannot be taken responsibility for any unexpected events that may happen during travel.
6. I understand that the vehicle will not wait for anyone while picking up or dropping the child in the respective locations.
7. I understand that there could be a plus or minus 30 minutes time fluctuation and I agree that it is due to various on road conditions causing this and neither the driver nor the school could be blamed for.
8. I understand that I will not blame the driver for the delays but understand that they are also human beings who should be treated with respect.
9. The school has the right to revise the pickup and drop points which I understand only for effectively using the time and distance travelled so that none of the students get affected.
10. I also understand that I will be a volunteer if required to accompany the children in the bus and merely not be a spectator if any unsafe incidents are suspected.
11. I will forward my complaints or grievances to the transport manager and not with the driver or assistants of the vehicle directly.
12. I agree to abide by the terms and conditions set forth by the school from time to time.

Note: Parents of students who have opted for the Transportation offered by the School is deemed to have read and agreed to the terms and conditions listed above.
